JEFFERSON HIGH SCHOOL COMMENCEMENT IS SCHEDULED FEBRUARY 5

An outstanding program of music, featuring selections by the Jefferson Union High School band and glee club, will mark the commencement exercises of the winter graduating class of Jefferson High next Thursday night in the school auditorium.

Elisa Paradiso, promising young pianist, will be the only soloist, playing "Sonata No. XVI in A Major," by Mozart. Other musical selections to be included in the program are:

Schubert's Unfinished Symphony, and an Operatic Mingle, arranged by Berry, played by the high school band under the direction of King Stevens; "When Day Is Done," "God of All Nature," and "My Hero," by the glee club, and the Star-Spangled Banner and graduation marches played by the band.

The invocation will be delivered by the Rev. M. W. Swafford, with Robert Lazzarini, student body president, speaking on "The Four Periods." Mrs. Pearl Jones, clerk, and Remi Sanders, chairman of the board of trustees, will confer diplomas.

Stanford Hannah, district superintendent, will award honors, with the highest award going to Frank Torkelson, life member of the California Scholastic Federation.

Torkelson will be valedictorian, while Dan Wilson delivers the salutatory speech.

Members of Chapter 194, California Scholastic Federation, will serve as ushers.

The 49 graduates who will receive diplomas are:

Cecelia Accinelli, Joe Albera, Alma J. Becker, Gordon Cady, Bette Cheli, Gloria Coleman, Anita Crespi, Rena Feutrier, Bessie Freel, Bob Garcia, Jack Ghio, Robert Gregory, Robert R. Hailer, Howard E. Heffron, Yvonne Hulme, Irene Iverson, Alice Johnson, Arthur Knight, Clarence Arthur Lack, Al Lagomarsino, Bob Lazzerini, Dorothy Leahy, Ruth Mangodt, Lorraine Massoni, Apryl Mattila, John McCaffrey, David McCahon, George McLeod, Louise Miehovich, Roy Ottoboni, Elisa Marie Paradiso, Robert Parres, Mary Pedersen, Janet Petersen, Jean Preston, Ann Robertson, Monte Robinson, Beverly Rowe, Marie Sharp, Penny Sors, Dolores Spoulos, Frank Torkelson, Betty Valentino, Doris Vallerga, Robert Vaughn, Janet Warren, Dan Wilson, Gertrude Wilson and Clara Zanobini.

Girl Scouts Of Troop 2 Make Artificial Flowers

Artificial flowers fashioned of colored popcorn and bottle corks were made last Friday by members of Girl Scout Troop No. 2 at their meeting after school.

The girls used red, green, blue and yellow coloring on the popcorn; then attached it to corks with pliable wire.

A total of 25 cents was collected for camp saving stamps.

Mrs. Meehan Returns Money; Gets Suspension

Eleanor Mehan was given a 30-day suspended sentence and six months' probation in municipal court last Friday by Judge William J. Sweeney, on conviction of a robbery charge.

Mrs. Meehan was convicted January 9 of the Christmas Day robbery of Mrs. Dorothy Alldredge, 214 Los Banos avenue. The complaint was signed by Mrs. Alldredge.

The suspended sentence was pronounced by Judge Sweeney after the defendant paid to Mrs. Alldredge the amount mentioned in the complaint.

C.S.C. DENIES NEW HEARING FOR FICKEISEN

John W. Fickeisen, ousted county sanitarian, was denied a rehearing on his dismissal last week by the San Mateo County Civil Service Commission.

At the same time, however, the commission granted a request by Carl W. Anderson, Fickeisen's attorney, that the petition and a letter from Dr. Charles C. Gans, former health director, be admitted into case records.

Fickeisen was dismissed on orders from County Executive Frederick Peterson, who charged that the sanitarian allegedly took county property to his home on King's Mountain.

The letter to be included in the case records is expected to play an important role in a coming court case which Anderson is planning to force the county to rehire Fickeisen.

The letter states that Fickeisen, at the time the charge was brought, was acting under Dr. Gans' orders.

Colma Parents To Observe Founders' Day Next Tuesday

Plans for next Tuesday's Founders' Day celebration were made yesterday by the Colma Parent Teacher Association executive board. The celebration is slated for 1:30 p. m. in the Colma Community Center.

Speakers at the party will be Mrs. Edward Styskel, first vice-president of the 17th district, P.T.A., and Sylvia Eastham, Jefferson District school nurse. School children also will take part in the program.

At yesterday's meeting, Fred Bertetta, Jefferson District school trustee, spoke on the workings of district school affairs.

County Assessor Dies At Palo Alto

Martin J. Flynn, 39, San Mateo county assessor, died early Monday at Palo Alto hospital, after an illness of two months' duration.

Flynn's death came nine years after his appointment as county assessor in 1939, on the event of the death of his father, Daniel P. Flynn, who had held the same office. The younger Flynn later was re-elected to the post.

A memorial ceremony for Flynn was held Tuesday in Judge A. R. Cotton's superior court.

Flynn leaves his widow, Mrs. Alice Flynn, and a son.

He was exalted ruler of the San Mateo Elks lodge.

Two Convicted Of Drunk Driving

Two men paid fines in municipal court last Friday on drunk driving convictions.

Vester Joseph Jobe, 789 Eastern avenue, San Bruno, pleaded guilty to a charge made by Police Sergeant Benedetti and was fined $100. The complaint charged that Jobe was found driving "eratically and recklessly" north on Mission street between Crocker and Templeton streets on Christmas day.

Charles W. Proctor, 634 20th street, San Francisco, pleaded guilty to a drunk driving complaint signed by Officers Welsh and Johnstone, January 17. The complaint charged that Proctor was found driving on the wrong side of School street on that day.

Judge William J. Sweeney collected a fine of $100 and revoked Proctor's license for a period of 90 days.

57 Pay Fines In Traffic Court

A total of 57 fines for traffic violations were collected during the week ending Friday, January 23, in Daly City municipal court.

Major offense was speeding, with these drivers paying fines:

Rose Alioto, $5; Jeanette Baloun, $5; James Blankenship, $5; Herman Brown, $5; Hemelt Christian, $5; Robert Crotty, $5; Joseph Gagliano, $5; Frank Keri, $7.50; Sam Kynerd, $5; James Mannon, $5; Thomas Morrow, $7.50; Murray Moss, $4.50; Edward MacArthur, $5; Harry Pariani, $5; Margaret Sinclair, $5; Frank Steffin, $5; Andrew Trenastich, $5; Earl Woodard, $7.50; Lois Adams, $5; Harold West, $5; Victor Benedict, $5; Marie Mutto, $5; Richard Dale, $10; and Mrs. Theodore Nuckolls, $10.

These persons paid fines ranging from $1.50 to $2.50 for parking violations:

Edward McColanahan, John McIntosh, Virginia Ramos, Albert Bach, George Claus, Joe Fellippo, Nick Isoli, Marshall Wheeler, Rudolph Witt, George Kramer, Mrs. G. Doran, and Merlin Swafford.

Fines of $2.50 each were levied on these violators of the hill-hold ordinance:

A. J. McNoris, Kenneth Phillips, Ralph Reggins, Angelina Thur, William Battles, Eleanor Clark, Stella Wilkie and Mella Leuba. Richard Robinson was fined $5 for a runaway resulting from violation of the hill-hold ordinance.

Irene Bruni, Max DeHes, Jean Fuzere, Ralph Greco, Guido Morseli, James Park and F. E. George paid fines of $2.50 each for driving through traffic signals.

Other, miscellaneous fines were collected from:

Walter Krumm and Joseph Mucca, for driving past arterial stops; Nick Hess and Percy Liebman, for driving with pedestrians in the crosswalk, and Robert Montana, for having no license plates.

PERSHING P.T.A. TO CELEBRATE FOUNDERS' DAY

Rehearsal for next week's celebration of Founders' Day was held today at the executive board meeting of General Pershing Parent Teacher Association at Mrs. Margaret Ross' home, 798 Templeton avenue.

The celebration, scheduled for next Tuesday, will be held to commemorate the birthday of the National Congress of Parents and Teachers.

Past presidents and outstanding members will be honored. An honorary life membership will be awarded to that member who has rendered the greatest service in promotion of the association's ideals.

Mrs. M. E. Nensteil, president, has urged that all members attend the meeting and "rededicate themselves to the promotion of the purposes of the Parent Teacher movement."

Co. 1 Auxiliary To Sponsor Whist Party

The ladies' auxiliary to Co. No. 1, Daly City Fire Department, will sponsor a whist party February 17 in Veteran Firemen's hall.

The public has been invited to attend the party, which is scheduled for 8 p. m. at 188 Santa Barbara avenue.

"HOW MUCH LONGER?"

Michael Bozeman, 3, looks forward to the day when he can leave his hospital crib. Michael is a victim of infantile paralysis. Contributions to the current March of Dimes appeal will assure care for Michael and all other California victims of polio, past, present, and future during 1948.

FORMER D. C. MAYOR, CAPT. PAUL GREEN, IS NOW HOME ON LEAVE

Home for three weeks of leave after spending more than a year away from Daly City at the Army's Fitzsimmons General hospital in Denver, Captain Paul Green expressed his approval of the way the city has been expanding during the last year.

On leave from municipal office after having been elected mayor in 1946, Green's position on the city council is being occupied by Councilman Howard McHugh.

"It is gratifying to see the completion of so many homes and commercial buildings, and to hear of the plans for others yet to be constructed," Green observed, when contacted by The Record. "It looks like there'll be a total absence of vacant lots before long, so such things as schools, parking facilities, improved transportation and recreation will have to be taken care of next."

The former mayor expects to spend most of his time on leave with his family; his wife, the former Patricia Murray, son Jimmy and daughter Susan at home, 183 East Vista avenue. He indicated that he will not take up his official position on the council until April, when he expects to be finally separated from the Army after more than seven years' service.

Albert Randall Reelected Head of C. S. Commission

Albert H. Randall of Burlingame was re-elected chairman of the San Mateo County Civil Service Commission last week, according to Personnel Director Russell J. Cooney.

Randall's re-election came after Anthony J. Gaggero of Daly City had declined the office. Gaggero had been elected chairman, and George R. Keystone, vice-chairman, at a meeting at which both of them were absent.

Gaggero last week was re-elected vice-chairman of the commission.

Dolwig Advocates "New Look" At The State Budget

A "new look" at the California budget for the 1948-1949 fiscal year was urged today in a statement by Assemblyman Richard J. Dolwig, 27th District Republican.

Dolwig's announcement came on the heels of a Sacramento news dispatch from State Controller Thomas H. Kuchel that the cost of state government increased 35 per cent during the 1946-1947 fiscal year over the preceding period. Total cost of the last completed fiscal year was 455 million dollars.

"However, state tax revenues have also increased by over 22 per cent," the South San Francisco legislator declared.

"The time has come to combat the 'fiscal fever' which seems to have supplanted 'Virus X' in Sacramento and give the state government an 'economy shot' in the arm," Dolwig graphically pointed out.

"I believe that a tax reduction program can be undertaken during the 1948 session of the Legislature without crippling important projects such as recreation, necessary social services and a reasonable increase in educational funds."

The local legislator, who is chairman of the Subcommittee on Revenue and Taxation of the joint Constitutional Revision Committee, advocates elimination of frills and extravagances in state expenditures without any curtailment of necessary governmental functions.

"Continuation of the major revenue measures at the reduced wartime level, and further tax reduction if advisable, is my goal," Dolwig stated.

Four D.C. Men Are Winners Last Week In Golf Tourney

Four Daly City residents and one San Bruno golfer came home victorious last Wednesday from the golf tournament sponsored by Hilltop Lodge at Sharp Park.

Winners of the tourney, at which numerous other localities were present, included Robert Quigazi of San Bruno, John Stevens, Basil Whiting, John DiVolder and Jack Hickey of Daly City.

Mrs. Mae Miller Is New R.N.A. Prexy

Mrs. Mae Miller, newly elceted head of the Vista Grande Camp, Royal Neighbors of America, accepted the president's gavel from retiring Oracle Laurette Bertelli in a quiet installation ceremony recently at Little Italy hall.

The out-going president was presented with a pin in appreciation of her service during her term in office.

Other new administrators seated were Mrs. Merle Taylor, vice-oracle; Mrs. Doris Davis, recorder; Mrs. Faye Nielsen, receiver; Mrs. Pat Severietti, chancellor; Mrs. Agnes Wood, marshal; Mrs. Elizabeth Sorensen, assistant marshal; Mrs. Laura McKenzie, inner-sentinel; Mrs. Nellie Allen, outer-sentinel; Mrs. Daisy Embree, manager, and Mrs. Rhoda Rachor, flag bearer.

New graces are Mrs. Marie Ruecker, faith; Mrs. Lois Storm, modesty; Mrs. Geraldine Allen, endurance; Mrs. Margaret Heaton, courage; Mrs. Daisy Embree, unselfishness, and Mrs. Gertrude Bliss, musician.

Mrs. Alice Dittier, district deputy, performed the rites, with Mrs. Agnes Wood assisting as ceremonial marshal. The ceremony closed with the lodge march.

A large number of friends and relatives of lodge members were present for the affair.

Mrs. Martinelli Gets One Year

Mrs. Margaret Martinelli, Colma housewife convicted of manslaughter in the death of her husband, will be sentenced to one year in prison, Superior Judge Edmund Scott said this week.

The judge said his decision was based on a desire to give Mrs. Martinelli a chance to rehabilitate herself and to resume life with her family in the not too far distant future.

PETERSON TAKES CONTROL OF 300 COUNTY JOBS

Another step in the centralization of jurisdiction in the county government was taken by County Executive Frederick Peterson last week with a statement that he will assume full powers granted him in the county charter as regards hiring and firing county employes.

The action will bring some 300 of the county's 700 employes under Peterson's direct jurisdiction. His decision was outlined in a letter to Russell J. Cooney, personnel director and secretary of the civil service commission.

The letter stated:

"In order that I may fully comply with provisions contained in Section 2, Article 8 of our charter, I would like to request that all paper work connected with any personnel changes in the offices of the building inspector, recreation commission, and purchasing agent be routed through this office; the same as is now being required of the department of public health and welfare."

Eagles To Hold Second Whist Game

The second in a series of whist games sponsored by the Colma-Vista Grande Aerie of Eagles will be held Monday, February 9, in the new Eagles hall at 3346 San Jose avenue.

Announcement of the game schedule was made yesterday by George Wheeler, chairman of the series.

Members and non-members alike have been invited to play.

400 D. C. Residents Register To Vote

Approximately 400 voters were registered last Sunday when the Citizens Registration Committee opened its drive in Daly City.

The committee has set a goal of 100 per cent registration in San Mateo county, according to Stanley White, chairman.

Fifteen teams of volunteer workers canvassed Daly City neighborhoods, where the drive was started, and directed citizens to the city hall, where registrars were on duty from 11 a. m. to 3 p. m.

The campaign will continue this Sunday, with South San Francisco residents being registered at the city hall.

Bay Area Teachers Start New Year With Meeting Sat.

Armed with envelopes of material for discussion on problems facing the educational profession, 140 delegates of the Bay Section Council, California Teachers Association, met in quarterly session at the Sir Francis Drake hotel in San Francisco last Saturday. They were presided over by Miss Mildred Stevens, president of the council and a teacher of the Vallejo junior high school, Vallejo.

Among the actions taken by the council was the election of Dr. Wallace W. Hall, Belvedere, to the position of Bay Section executive secretary for a four year period. This new position was created by an amendment adopted last fall to the Bay Section constitution and replaces the former position of secretary treasurer. Dr. Hall has held the latter position since October 15, 1946.

Meeting in connection with the Bay Section council was the executive board of the Classroom Teachers Department, Bay Section, C.T.A. Presided over by its president, Mrs. Keturah Warmington of Oakland, its members discussed many problems of concern to the department.

Members from Daly City attending the meeting were Mrs. Ethel Hahn and Marjorie Reandeau.

Andrea Petrocchi Dies Last Week Of Heart Attack

Funeral services were held Monday morning for Andrea Petrocchi, 60, of 180 Santa Barbara avenue, who died January 20 of a heart attack.

The deceased was an employe of the San Francisco Municipal Railway. He had lived in Daly City since 1907.

Petrocchi is survived by his widow, Zelinda; three children, Mrs. Clara Mack, Adi Petrocchi, and Roland Petrocchi, a Daly City policeman, and a sister, Gelsimina DaCosta.

W. C. Lasswell and Co. mortuary handled the funeral arrangements. Interment was in Olivet Memorial Park.

GRAMMAR SCHOOLS EXERCISES ARE SLATED FRIDAY, JANUARY 30

A panorama of life in California from the days before the Spanish conquest, through the gold years and to the present day will be presented by graduating students of the three Daly City elementary schools Friday, January 30, at commencement exercises.

"California Pageant" will be the title of the presentation — a program of songs, recitations and sketches significant of California's colorful history.

Graduating students will provide the program for the most part, with contributions by the elementary school glee club and orchestra, and several soloists.

Individual performers are Elissa Marquez, Nancy McCaffrey, Charles Donley, Barbar Dale, Craig Coffee, David Rivera, Esther Young, Nancy Pera, Susanah Wilson, Mary Steinke, Ted Freeland, Earl Troche, Barbara Baden, Ronald Jennings, Floyd Gonelle, Don Lewis, Dewey Powell, Justin Clark, Noreen Lack, Bonnie Bryant, and Tom Leach.

Speakers will be Barbara Dale, a graduate, who will deliver an address of welcome, and R. L. Crane jr., superintendent of elementary schools, who will present diplomas.

Three groups of dancers to perform in the pageant include:

Barbara Dale, Dianne Halle, Noreen Lack, Evelyn Madriago, Raquel Rocha, Carolyn Salogga, Jimmy Albera, Craig Coffee, Charles Donley, Floyd Gonella, Don Lewis and Gene Lorenzo, of Crocker;

Bonnie Bryant, Nancy Clark, David Rivera, Richard Ryan and Ted Welp, of Jefferson;

Barbara Baden, Mary Beament, Elissa Marquez, Jacqueline Berardy, Shirley Shreve, Susanah Wilson, Billy Ason, Ervin Atwood, Earl McCune, Ronald Palm, Ralph Pederson and Ray Schmitke, of Woodrow Wilson.

The following is a list of candidates for graduation:

WOODROW WILSON SCHOOL

William John Aston, Ervin James Atwood, Barbara Ann Baden, Mary Jane Beament, Jacqueline Berardy, Betty Freeman, Elissa Marquez, Earl McCune, Ronald Palm, Ralph Pederson, Ray Schmitke, Shirley Mae Shreve, Susanah Jane Wilson, Esther Helen Young.

JEFFERSON SCHOOL

Bonnie Ellen Bryant, James Leonard Burton, Harold Callan, Justin S. Clark, Robert J. Giorni, Nancy Joan McCaffrey, Nancy Jean Pera, Dewey E. Powell, David Michael Rivera, Richard E. Ryan, Mary Louise Steinke, Earl Donald Troche, Theodore M. Welp.

CROCKER SCHOOL

James N. Albera, Harold Craig Coffee jr., Barbara Jean Dale, Charles Donley, George T. Evans, Michael James Enright, Ted Freeland, Floyd Gonella jr., Dianne Sue Hale, Ronald Jennings, Noreen M. Lack, Tommy Leach, Don Lewis, Gene Lorenzo, Evelyn Elaine Madriago, Marylyn E. Nottingham, Milton N. Ostello, Raquel Helaine Rocha, Charles B. Roth, Carolyn Mildred Salogga, Richard L. Tooke, Douglas Vanderbloom.

Ranchers Duped For $11,000 In Bunco Game

Two Colma ranchers were taught an expensive lesson last week.

Alleged illegal speculation on the part of George Longboya, 30, and Pastor Longboya, 42, of the Garibaldi ranch, brought about the loss of $11,000 — total result of their life savings.

The nephew and uncle told sheriff's deputies last Monday that they had been victims of a highly successful bunco game. They had invested the money, they said, in what they thought to be a large cargo of opium, hoping to double their money.

The investment was made, the Longboyas said, at the instigation of a man whom they had known in the Philipines, and his two companions.

The trio offered them a chance to speculate in the illegal cargo and "double their money."

The pair reported their plight to the sheriff's office after two days of waiting for the $22,000, which was to have been delivered the next day.

Jadwiga Curtin Is Found Guilty Of Manslaughter

Pretty, brunette Jadwiga Curtin, 20-year-old Polish war bride, was found guilty of manslaughter Monday in connection with the death last October 15 of George Conner, Palo Alto credit man.

The verdict, delivered by a jury of nine women and three men, after four hours' deliberation, carries a penalty of one to 10 years imprisonment.

Fred Wyckoff, assistant district attorney, who handled the prosecution, held that Mrs. Curtin killed Conner in an attempt to rob him. The defense maintained that Conner was shot accidentally during a scuffle in his automobile.

The defendant exhibited no emotion when the verdict was read. During the five-day trial, however, she had displayed a series of moods.

The prosecution has named her a "wildcat," and a "gunwoman" of the wild west type. A parade of almost 40 witnesses was called by the state, while the defense restricted its representation to few besides the defendant.

Jadwiga and her boy friend, Howard Durham, will go on trial next Tuesday to answer robbery charges proferred by George Caulfield, Stanford University senior.

Jadwiga, he complains, lured him from a San Bruno bar to permit Durham to rob him of his wallet and watch.

Two Independent Games, One Championship Play Set For This Sunday

Two games in the Recreation Winter Baseball League series will be played on Marchbank field, and one in the championship series is slated for Harrison field this Sunday.

In a 2 p. m. play, the Daly City team will take on Buzz's Shamrocks for the Class AA American League championship.

The Daly City Boys' Club will compete with the Proseks nine at noon on the local field, while at 2 p. m., Fosters will play Guadalupe Parlor, N.S.G.W.

File Now For Assistance With Income Tax Forms

Deputy collectors of internal revenue now have time to give individual attention to taxpayers who call on them for advice, Collector of Internal Revenue James G. Smyth said today, in urging the early filing of income tax returns.

Every individual with a taxable income of $500 or more a year must file an income tax return.

Taxpayers whose total annual income is less than $5,000 may use the Employer's Withholding Receipt as an income tax return, provided not more than $100 of this amount is from sources not subject to withholding tax, Smyth said today.

This applies to the combined income of a married couple as well as to that of a single person.

Collector Smyth urged taxpayers requiring help with income tax problems to visit a deputy collector now and avoid last minute crowds.

ARGUMENTS ABOUT "GATE CLOSING" HEARD AT COUNCIL MEETING

To close or not to close the Garden Gateway.

That is the question looming before city council members this week. It is up to them, now, to decide whether the gateway through Garden Village is to remain the principal entrance to the small Colma community, or whether it should be closed to traffic.

Arguments on the matter were presented to the council last Thursday night in a special session in the council chamber. Representatives of both factions posed their pros and cons, pointing out their reasons for advocating or opposing the move.

The matter was brought before the council for action on January 12, in the form of two petitions which said, in part:

We "request the closing of Garden Gateway from Junipero Serra boulevard to 200 feet westerly to the easterly boundery of Garden Village."

And the other:

We "do not want the Garden Gateway, entrance to Garden Village, closed."

Ninety signatures appeared on the petition advocating the closing —24 of which were retracted on the latter petition, which carried a list of 74 signatures.

All names on both petitions were those of property owners in Garden Village, according to representatives of both factions. Fifteen signatures on the "for the closing" petition read, "The Stoneson Development Corp."

Mayor Melford Battye, speaking for the city council, maintained throughout the conference that the city administrators were unbiased, impartial, and "only present to hear both sides of the argument—not to decide the solution."

Eighty-five feet of the 200 foot stretch of road in question is the property of Daly City. According to Mayor Battye, the closing of the road would "not necessarily mean that Daly City's portion of the road would be surrendered."

Main objective of the Garden Villagers' Association, which is backing the road-closing, is to remove a traffic hazard, according to the arguments heard at the conference. The opposing party held that the gateway is "no greater hazard than any road running into a busy highway."

Exact measurements of the proposed road-closing appeared hazy to both factions Thursday night. The first request involved 200 feet of the road from the entrance, with a gate cutting the gateway off from the highway.

Now, according to a map drawn by Arthur J. Bodien, building superintendent, the desired cut-off point stands just beyond the property line at the end of Stoneson's forthcoming supermarket structure.

Garden Village residents representing the road-closing faction were J. M. Rolls, a title insurance man; Mr. Klawan, accountant, and Mr. Morgan, retired steel manufacturer.

Opposing the road-closing were Ed Havey, promotion man; Dewey Vladycka, Cliff Branstetter, school teacher, and Frank Impeartrice, auto dealer.

D. C. COUNCIL ATTENDS TO ROUTINE AFFAIRS AT MONDAY MEETING

Aside from the appointment of an assistant librarian for the city library, the city council meeting of last Monday was comparatively uneventful in the matter of civic improvement.

However, a communication from the attorney of one Mr. Garibaldi regarding an offer for his property adjoining the grounds already acquired for a Memorial site was received by the council.

Garibaldi's property already had been condemned by the council, yet the letter asked for an offer from the council for the purchase of his lots. The matter was reserved for consideration by Mayor Battye.

No discussion was had on the subject of expansion and annexation, nor was there any mention of progress in the acquisition of a War Memorial building.

Business transacted by the council during the Monday night session included:

Appointment of Lorraine P. DeFanti as assistant librarian for the city library for a probationary period of six months, upon recommendation of the Civil Service board of review;

Authorization of the superintendent of the municipal garage to receive city warrants in payment for work done on municipal property, if covered by bond in the amount of $5,000.

WAR AND TAXES

It's a startling fact that almost 77 per cent of the proposed 1948-49 "peacetime" budget of approximately $40 billion has something to do with war either directly or indirectly.

National defense takes a big chunk out of every tax dollar — 24.9 cents, to be exact. Foreign aid and other international uses require another 15.7 cents. Assistance to our war veterans calls for 13.5 cents. Interest on the national debt takes 11.8 cents and 10.8 cents would go toward reducing that debt.

If there were no danger of another war and if the world had not been involved in armed conflict, about 95 per cent of these expenditures would not be necessary and our national debt would be about one-seventh of its present size.

Suppose the 77 per cent — or $30 billion — of the budget could be used for study and research toward improving the economic and social well being of the American people and the peoples abroad. It would be a different world — and a better one.

GOOD OLD UNCLE JOE

The revelation of Stalin's dealings with Hitler were shocking. But they were not surprising. We have seen too much Soviet treachery since the end of the war to be surprised at almost anything they might do.

The truth of these documents can be denied by Moscow of course, but all the vitriolic denials it can cook up will not substantially lessen their effect on world opinion.

Communism in France will not be helped by the news that Molotov sent a message to von Ribbentrop offering "warmest congratulations of the Soviet government" when the Nazis crushed France.

Neither are the Poles going to be any more fond of their Russian "liberators" when they hear the detailed account of Stalin's deal with Hitler for the carving up of their land.

And every place where the Communists are seeking to win the confidence and support of the people, these revelations will serve as a reminder of Russian double dealing.

In other words, the United States has given Uncle Joe Stalin a "hot foot" in the cold war.

"SHEER" NONSENSE

It costs American women a pretty penny to keep their shapely, er, ah — limbs encased in sheer nylons. And one reason for the high cost is that the sheerest nylons — which most of them are said to prefer — don't survive more than a few wearings.

Hosiery manufacturers say that the 15-denier nylons simply can't be made to stand up under daily use, and they blame the women for insisting on buying them when the 30- or 40-denier nylons would give them better service.

Well, you can hardly blame the gals for wanting to make their legs look as glamorous as possible. But if dresses get much longer it won't make any difference (to the men) whether they wear stockings or not.

RADIO APPLAUSE

When people hear something funny their natural reaction is to laugh, but hardly to applaud. And that brings us very quickly to one of the artificial and annoying things about radio comedy programs. If you're a regular tuner-inner you know that never a night goes by without a studio audience "bursting" into a round of handclapping, whistling and shouting all because an alleged joke has been read from the script. Of course, the fact that the announcer may have "suggested" that the audience applaud is not apparent to the listener — or is it? Anyway, some of the humor which brings only a slight snicker in the studio but is followed by applause, often gives listeners the feeling that the studio audience feels sorry for the performers and is expressing its sympathy. Isn't it about time to stop manufacturing applause and let the jokes fall where they may—even if they fall flat?

Native Daughters, Sons Have Grand Installation

Officers of El Carmelo Parlor No. 181, NDGW, and El Carmelo Parlor No. 256, NSGW, were installed at public ceremonies Wednesday evening, January 21. The Blue Room of the Masonic hall was the setting for the joint installation conducted by Deputy Grand Presidents Dolores Bozzo of Bonita Parlor and Angelo Devencenzi of Castro Parlor. Dorothy Linehan heads the group of Native Daughters, and Frank Donofrio is the leader of the Native Sons.

The following officers were installed for El Carmelo Parlor No. 181:

Lucille Wohler, first vice president; Lorraine Alvigi, second vice president; Ellen Pieri, third vice president, Madeline Koskela, marshal; Yvonne Hulme, inside sentinel; Edna Alvigi, outside sentinel; Hattie Kelly, recording secretary; Christine Hulme, financial secretary; Julia Romer, treasurer; Ann Biggio, Fredereka Volkman, Dorothy Donofrio, trustees; Marie Gilbrech, past president.

Eight members of the Drum Corps formed an escort for Dorothy Linehan as she took office. Barbara Ford, Marie Gilbrech, Nadine McDonnell, Verna Moresco, Doris Vernengo, Lucille Wohler, and Kathleen Day, led by Ellen Pieri, presented the new president with a gift from El Carmelo Parlor.

The officers for the ensuing year for El Carmelo Parlor No. 256 are as follows:

William Ottoboni, first vice president; Al Gregoire, second vice president; Earl Medford, third vice president; Al Koskela, marshal; James McKenna, sentinel; Ernest Micco, recording and financial secretary; Al Parmisano, treasurer; Ed Martin, Anthony Parmisano, Galen Gilbrech, trustees; Jack Reed, junior past president; George Romiguiere, senior past president.

Presidents Linehan and Donofrio welcomed all present in behalf of their respective parlors and introduced prominent members of both orders. El Carmelo Parlor, Native Daughters presented gifts to: Grand Trustee Dorothy Donofrio, Past Grand President Evelyn L. Carlson, Supervising District Deputy Grand President Lillie Lopatelli, and the Deputy Grand President Dolores Bozzo. Grand Trustee Louis Gegerich, Supervising District Deputy of San Mateo and Santa Clara County Philip Bozzo, and Deputy Grand President Angelo Devencenzi of the Native Sons were among the outstanding Native Sons present.

Before adjourning to the downstairs banquet hall, one hundred and fifteen guests were entertained by a group of vocal selections sung by Shirley Robb, accompanied by Marion Heckler. In the banquet hall, the ladies served a buffet of potato and macaroni salads, an assortment of cold meats, breads, a variety of butter cookies, tea and coffee. Small tables were set at which groups could gather and enjoy the refreshments. Christine Hulme headed the Native Daughter committee, and Jim Mullins was chairman of the Native Sons.

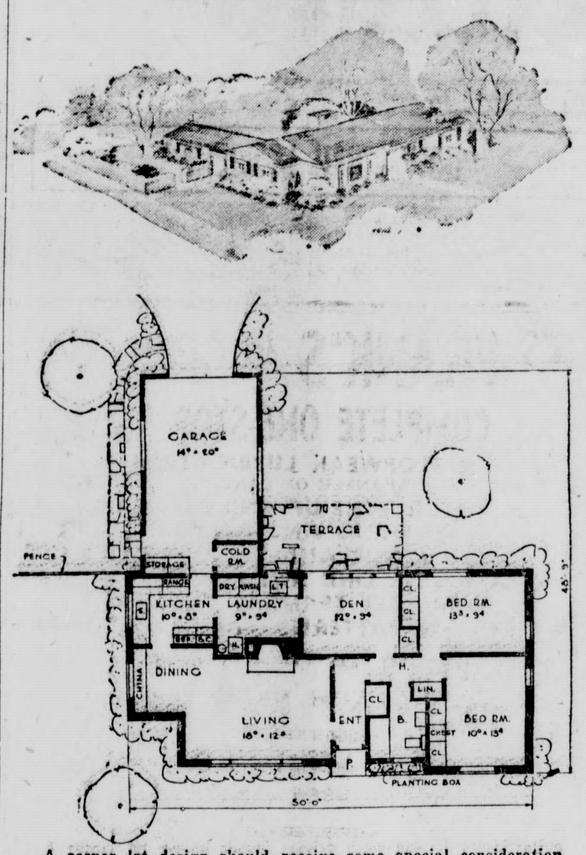
S. F. Elks Plan "Big Doings" For Jan. And February

Wives and lady friends of members of San Francisco lodge of the Benevolent and Protective Order of Elks will be feted Wednesday evening, February 4, at the monthly Ladies' Night function of the society, at the Elks' Club, 456 Post street. The evening's program will include a dinner party, informal reception and musicale.

Honoring Exalted Ruler and Mrs. George Baader, San Francisco lodge of Elks will hold its annual grand formal ball Saturday evening, February 7, under the direction of a committee headed by Esteemed Leading Knight Eugene J. Corbett. A brilliant banquet in the Elks' dining hall will precede the grand ball. Dancing and floor show features will take place in the Elks' lodge hall and assembly room.

San Francisco Elks will ballot on 52 candidates at their regular meeting Friday evening, January 30. The class of applicants will be initiated Friday evening, February 6, in the monthly ritualistic exercises of San Francisco lodge.

Corner Lot Home



A corner lot design should receive some special consideration in planning. Often an L-shaped plan is desirable to provide privacy for the rear garden from the side street. In this home the garage has been used for this screen effect and at the same time to produce a rambling exterior appearance. White painted brick, soft gray green trim and dark bottle green roof is a color scheme that would be very enchanting. It comprises 1165 square feet, excluding garage.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for $2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blueprints and specifications of the dwelling shown above can be obtained for $5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.

FIRE FIGHTERS FACTS

By Mel Hanson
Publicity Chairman

Vol. 1, No. 21

Fire Patrol

Friday evening, January 30, the Jefferson grammar school district will hold its graduation exercises in the Jefferson Union High School auditorium.

As in the past many years the fire department has been requested to serve as fire patrol in the auditorium and on the school grounds during the graduation exercises.

Officers and men of Fire Station No. 6 will fulfill the duties of the evening.

Up With the Times

Company No. 2 and Company No. 4 will send their trucks to the city's garage this week, to be fitted with new hose racks so donut hose lays will fit on the trucks. Company 6 has already been equipped with the new racks.

The Daly City Fire Department has adopted the new donut hose lay and it has been quite satisfactory. The new hose lay speeds the laying of hose to a fire. The hose is rolled in two length sections of 1½ inches. One section is equipped with the nozzle and the other section is equipped with a "Y" to connect to the 2½ inch hose. These 1½ inch donut rolls can be carried on the back of a fireman up a ladder or into a building, replacing the obsolete method of dragging the hose up a ladder and into buildings.

Classification Hearing Jan. 30th

A public hearing will be held January 30 in the council meeting room at 8 p. m. at the city hall.

The discussion of the hearing will be on the classification of the officers of the fire department. The new classifications will include one assistant chief, two battalion chiefs, and one chief fire marshal.

These new classifications come under the reorganization of the fire department.

After the hearing Friday evening the city council is expected to pass the ordinance on February 9.

Gas Station Notice

It has been brought to our attention that service stations in Daly City are not living up to the safe practice code of filling stations. May we at this time go over some of the unsafe conditions and practices that now occur. Let it be said here that these following suggestions are not for the customer alone, but for the employes also.

1. Gasoline Deliveries:

Don't deliver gasoline while car motor is running. Politely request driver to shut off engine while tank is being filled. Failure to do this has caused many disastrous fires, and for mutual protection of car owner and service station operator, you must insist upon strict observance of this rule.

Don't permit customer to smoke or strike matches while gasoline tank is being filled. To avoid offense, explain WHY request is made when asking customers to stop smoking.

Caution customer not to turn radio on or off while filling gasoline tank.

Be sure gasoline hose and pump do not leak. Replace hose and repair pump. Such leakage is likely to result in the accumulation of liquid gasoline and gasoline vapors which could easily be ignited.

Always face fuel tank when delivering gasoline, never permit intake of customer's tank to be out of your sight while gasoline is being pumped into it. This will reduce chance of overflowing tank. Tanks do not overflow because they are too small, but because someone tries to put to much into them.

Be sure that delivery hose nozzle is firmly inserted in the customer's tank and is making a metallic contact between nozzle and filling opening. You shoul dtrain yourself to observe carefully that this contact is made.

Special care must be taken not to overflow a tank, permitting overflowing gasoline to reach exhaust pipe and start a fire. Gasoline will not ordinarily ignite by coming in contact with hot metal, but if right conditions are present it may occur with disastrous results. Never depend entirely upon reading of gauge to determine how much a gasoline tank will hold. Do not use metal rods or pipe for gauging fuel tanks; they may create a spark. Salesmen have been known to use a piece of pipe as a gauge—with disastrous results.

In case of gasoline spill, warn customer not to start engine until gasoline has been wiped up. You must attend to this at once. Gasoline must be wiped up from outside of tank and the gas cap replaced. Wash driveway at once.

Be sure to complete gasoline delivery and hang hose securely on nook and replace tank cap before rendering any other service. Cars have been permitted to start out of the station with the hose nozzle still in the tank opening, and serious injuries have resulted from whip of hose as it jerked free: also gasoline pumps and automobiles have been damaged. Gas tank cap must be put back on tank.

Motorcycle fuel tanks must not be filled through delivery hose, as there is too much danger of overflowing gasoline or dripping hose coming in contact with the hot exhaust pipe; use one-galion measure for this purpose. Motorcycles must be supplied with gasoline while standing in open and not under canopy of station.

Gasoline must never be placed in glass containers and gasoline not delivered to customers' tank must b e delivered in properly marked containers (gasoline)

High Altitudes

High altitudes have been found to cause dental disorders such as toothaches and irritation of the gums, some of which disappear when the individual returns to the ground.

Be Prepared
for greater electrical conveniences

Think back to the home or homes you have lived in, the past ten years. Remember the inconvenience of house-wiring from lights that blinked when the refrigerator went on, or the wires you strung along the floor to connect a lamp or clock; or the fuses that blew out when you connected the iron? By spending very little extra money on ADEQUATE WIRING...all these things could have been avoided.

Give Adequate Wiring the place it should have in your home. Plan ahead for the many new home appliances, for better lighting, for television, by wiring ahead for modern Electriliving. Carefully check over wiring plans when you remodel or build and make sure the house-wiring has these essentials:

1. Plenty of plug-in outlets
2. Plenty of light switches properly placed
3. Wires that are large enough (at least number 12 wire) to supply full power to all the appliances that will be used during the lifetime of your home.

Chevrolet Cars, Trucks Hit Record Production In '47

Production of passenger cars and trucks by the Chevrolet Motor Division during December set a new postwar high, when a total of 110,049 units were made in the company's assembly plants, it was announced today by Nicholas Dreystadt, Chevrolet general manager.

The total of 38,160 trucks and commercial vehicles produced during December not only was a new postwar record, Dreystadt pointed out, but also came within 736 units of setting an all-time high mark for this type of production. Chevrolet produced more trucks and commercial units last month than in any single month since June 1929, when 38,896 such units were made.

The production of 71,889 passenger cars in December also was a new postwar record, exceeding any production month since the resumption of automobile making following V-J Day. It was higher than any passenger car production month snice December 1941.

Gluing Wood

When gluing wood articles, try the clamps of an old clothes wringer to hold them together as they dry.

PEDESTRIANS KILLED

"More than 12,000 pedestrians were killed on America's streets and highways last year", points out Bert Stewart Jr., Public Safety Director for National Automobile Club. "To help cut down this tragic toll pedestrians should look both ways before stepping off the curb, cross only at properly designated crosswalks, and be alert at all times".

STATE TAXES ARE UP 21 PER CENT OVER YEAR 1945-46

California's state revenues for 1946-47 reached $795,060,245, up 21 per cent from the $656,478,698 collected by the state for 1945-46, California Taxpayers' Association reported today.

Per capita revenues of the state for 1946-47 averaged $82.14 per person, 17.5 per cent greater than the $69.86 per capita revenues for fiscal 1945-46. Neither federal nor local government revenues are included in these figures.

Population of the state at January 1, 1947, midpoint of the 1946-47 fiscal year, was estimated to be 9,679,650, an increase of only 3 per cent over the 9,369,350 estimated for January 1, 1946.

"Despite the huge population growth of the state, California state taxes are raising more and more from the people," the Taxpayers' association said, pointing to the skyrocketing increase in per capita revenues of the state when the last war year and the first completed postwar year are compared.

Urging that the state reduce taxes to leave more money in the pockets of the people, the Taxpayers' organization declared:

"Taxes are too heavy to encourage the development needed if business and agriculture are to absorb the millions of people who have moved to California and the other millions who are on the way."

Navy Will Equip Land-Based Planes With Safety Device

The Navy will equip several of its newer land-based patrol planes with the recently developed hydro-flap,a planing surface that is swung down beneath the fuselage to serve as a hydro-plane ski when making forced landing at sea. It was developed by the National Advisory Committee for Aeronautics.

Principal causes of personnel loss during forced landings at sea are structural failure and "submarining", which results when the plane's nose digs into the water.

The hydro-flap is designed to keep the nose of the plane skimming along the surface of the water until most forward speed is lost. After the airplane's gradual deceleration, personnel are able to utilize escape hatches and launch survival gear in the few minutes available before the plane sinks.

The hydro-flap will be installed on the production models of the Martin P4M. In addition, studies are now being made to determine the type of flap best suited for the Lockheed P2V. Both are long-range patrol planes, used by the Navy for over-water search and reconnaissance missions.

On the P4M the hydro-flap is actually the navigator's hatch lowered to an angle of 30 degrees and strengthened to withstand loads up to 10,000 pounds when locked in the down position. This simple modification adds only 11 pounds to the weight of the plane.

BASEBALL PEACE

"International relations" will be given quite a boost if the efforts to settle the differences between organized baseball in the United States and Mexico prove successful. In Spite of the "raids" on American teams by the Mexican League a couple of years ago there appears to be no reason why the team owners in each country can't reach a formal understanding. This would be a step toward eventually having a World Series that is really what the name implies.

Safety-Minded

A decrease of 22 per cent in time lost because of accidents was recorded by the 36,000 employees of the Pullman company in 1945 compared with 1944.

A total of 3223 cases were handled by the City and County of San Francisco's coroner's office in 1946.

III

Rules—

1. No names may be added after roster is turned in, or after first game.
2. First game, each game night, is to start at 7:20. If team not ready to start at 7:20 it must forfeit.
3. Second game, each game night, is to start at 8:30. If team not ready to start at 8:30 it must forfeit.
4. Official Basketball Rules as adopted by the National Basketball Committee will govern play. (Will play 20-min. halves.)
5. All other questions which may arise are to be settled with Mr. Matthews, Jefferson high school men's physical education basketball director.
6. In the event of similarity in suit colors, a flip of the coin will determine which team is to play with different colored shirt or no shirts at all.
7. Board of managers shall act as a committee to act on protests —officials' decisions cannot be protested.
8. Participate on one team only in the tournaments.
9. A man from each team shall be present at the scorers' table during the game.
10. The referee shall appoint the official scorer and timer from one of team representatives or a person by mutual consent.
11. There shall be no refunds after first game has been played.

VETERAN LOANS NOW AVAILABLE FOR ALTERATIONS

Veterans purchasing property under the State of California's farm and home purchase plan may obtain loans for needed repairs and improvements for moderate additional payments, according to the State Department of Veterans Affairs.

The same low rate of interest—now 3 per cent — which applies to the original purchase contract is applicable to supplementary loans. Veterans also may take advantage of low cost group coverage policies of fire insurance and home protection life insurance on the increased investment.

Loans may be made for repairs or reconditioning, correction of excessive deterioration, and for altering or remodeling property purchased under the state veterans' program, the department said.

Funds advanced for repairs will be repaid at the rate of $1.50 per month for each $100 of the amount borrowed. Costs of remodeling or altering will be amortized over the remaining period of the veteran's purchase contract. Special repayment terms may be obtained in the case of deterioration due to termites, dryrot or other conditions unknown at the time of purchase.

Full information regarding the advance loan program, as well as other features of the farm and home purchase plan may be obtained at any office of the Department of Veterans Affairs, county veterans service offices or community service centers. Department offices are located in Sacramento, San Francisco, Oakland, Los Angeles, San Diego, Long Beach, San Bernardino, Santa Barbara, Fresno and San Jose.

News Column For The Veterans

The new chief medical director of the Veterans Administration, Dr. Paul B. Maguson, is a nationally known orthopedic surgeon, former professor of surgery and chairman of the Department of Bone and Joint Surgery at Northwestern University Medical School, Chicago.

Dr. Maguson has been closely associated with the reorganization of VA medical care and his appointment to succeed Dr. Paul R. Hawley, who resigned January 1, assures uninterrupted continuation of the VA's new medical program.

Dr. Maguson joined the VA's Department of Medicine and Surgery when it was created January 3, 1946. He was largely responsible for affiliating more than half of VA's 126 hospitals with Class "A" medical schools throughout the country and in the establishment of VA's residency training program.

Since joining VA Dr. Maguson has aided in starting a comprehensive research program into many of the little-known ailments and diseases suffered by veterans.

Dr. Maguson took his pre-medical training at the University of Minnesota and was graduated from the University of Pennsylvania Medical School in 1908. He is the author of several books on fractures and served as a civilian consultant to the Surgeon General of the Department of the Army during the war.

Dr. Hawley, who organized the VA's Department of Medicine and Surgery has been appointed a special assistant and advisor to the Administrator of Veterans Affairs and will continue to assist in carrying out the VA medical program.

Question: I was told that my disability, which I claim was due to service, cannot be service-connected because I had it before I entered the service. Am I eligible for compensation?

Answer: If VA decides that your ailment was incurred in or aggravated by your service in the armed forces you will be entitled to receive compensation, if it exists to a compensable degree.

Question: I am a veteran of World War I and would like to know if there is any limit for filing a claim for compensation for disability caused by my war service?

Answer: There is no time limit set for filing claim for compensation under existing legislation.

Prior to the middle of the nineteenth century, the art of confectionery manufacture was an English specialty.

San Francisco has a charter form of government, and is the only combined city and county in California.

Spastic Society Invites Public To Attend Meetings

Editor's Note: Following is a statement of objectives of the Spastic Children's Society of San Francisco, sent by its president, John A. Sinz, which will interest all friends and parents of spastic children:

The Spastic Children's Society of San Francisco is an organization of the parents and friends of children afflicted with spastic paralysis (cerebral palsy). We cooperate with similar groups in other parts of California and throughout the nation in the hope that some day we can guarantee to every spastic child the opportunity to live out the full measure of his personal development.

The scope of the society is to promote the education and general welfare of children and persons afflicted with Spastic Paralysis; to cooperate with and assist all proper authorities, public boards, and organizations in securing appropriate assistance for all individual spastic children and persons, groups of spastic children and persons; to cooperate with all state, county and city health departments in their official programs for spastic children and persons as set forth in appropriate laws;

To cooperate with the California State Department of Education and city, county and local boards of education to secure the educational advantages provided by law for spastic children and persons.

We meet the second Friday of each month at 450 Sutter street, Room 1803. Membership is open to everyone interested in promoting the welfare of spastic children. Dues are $1.00 per year.

In order to further the work of the society, gifts in any amount are asked to help defray expenses incurred in carrying out our aims.

The membership cordially invites you to visit us at our meeting place, and we hope you will become interested in the society and our aims and hopes.

Sincerely,

JOHN A. SINZ, President
Spastic Children's Society

BLIND RECREATION GROUP SEEKS SITE FOR ACTIVITIES CAMP

Preliminary plans for the founding of a camp for blind people's receration were discussed last week by directors of the Recreation for the Blind, Inc.

The organization, founded by Rose Resnick, sightless concert pianist, for visually handicapped youths is seeking a camp sight for its recreational activities.

Another similar meeting was held last night. Miss Resnick also announced establishment of a new office, at 12 Geary street.

ATTENTION
NEW EMPLOYEES

Some time this month, all business and industrial concerns will send their social security tax reports to the Government for the fourth quarter of 1947. Every employer must include in this tax report the name, social security account number, and the wages paid each employee during October, November, and December. Make sure that your employer has a record of your name and social security acount number. Why? Because old-age and survivors insurance benefits are based upon the record of wages, which the Social Security Administration keeps for each insured worker.

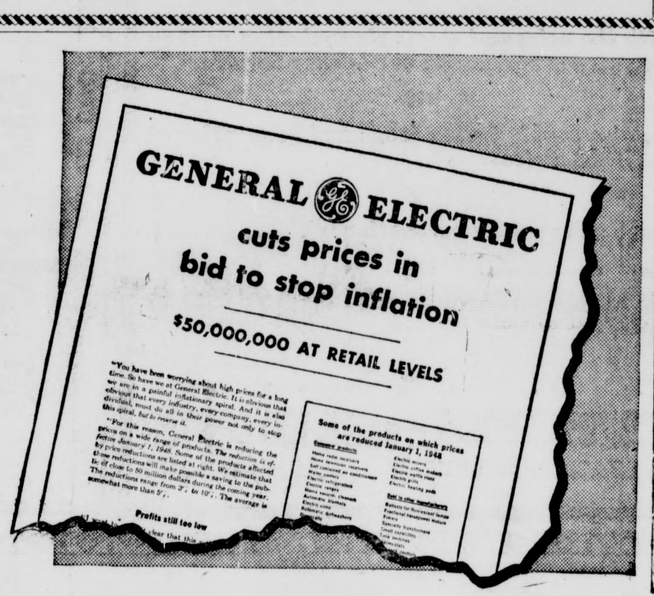
WHY



GENERAL ELECTRIC
PUT LOWERED PRICES
AHEAD OF OTHER THINGS

General Electric lowered prices because we wanted to do our part to stop the present spiral of inflation.

General Electric lowered prices on electrical appliances in greatest demand—because that is where lowered prices on General Electric products will do the most good and have the greatest effect.

General Electric lowered prices regardless of the fact that G-E profits are not high—are not at present levels high enough.

We did this because we know that in the long run General Electric can prosper only as the people of this country prosper. We believe that producing *more goods for more people at less cost* is the soundest way of running a business. And we feel that inflation in this country has reached a dangerous level—for the wage earner, for the man with savings, and for industry alike.

Do you know what inflation can do to you?

As money buys less and less, your savings lose their buying power. Life insurance policies dwindle in value. Money saved to take your wife to the hospital won't pay the bill when the time comes. Pay checks buy less and less. Retirement money won't pay for retirement.

This applies to the man who brings home a weekly pay check, to the man with a little savings in the bank or a life insurance policy, and to companies that have to build new plants and buy new machines to fill future needs and provide future jobs.

Inflation is a sinister thing. It steals up on a country and its economy in a gradually accelerating two-step of prices and wages—each trying to get one step ahead of the other—and there is no red line to show when the danger point has been reached.

Inflation is like a fire. Once it gets well under way, it can never be checked until everything is destroyed.

Self-restraint by industries and individuals the best check

You as an individual can do most by buying less and saving more—thus avoiding bidding up the prices for scarce goods. Business and industry can do much by lowering prices whenever and wherever possible—voluntarily.

General Electric put lowered prices ahead of other things because we believe it is a step towards licking inflation.

We Must Destroy Inflation or It Will Destroy Us

GENERAL ELECTRIC

ACTIVITY CALENDAR

Friday, January 30

3:30 to 11:30 a.m.—
P.T.A. Mothersingers, Masonic hall, 17 Hillcrest drive.

3 p. m.—
Regular meeting, Brownie Pack No. 8, 101 Parkview avenue.

3:30 p. m.—
Reguiar meeting, Girl Scout Troop No. 1, No. 4 firehouse, Peoria street.

Sunday, February 1

9:30 a. m.—
Sunday School and Bible class, Bethel Lutheran church, 2525 Alemany boulevard.

9:45 a. m.—
Sunday school, Grace Church of the Nazarene, Santa Barbara and Vista Grande avenues.

9:45 a. m.—
Sunday school, Grace Presbyterian church, Hanover and Evergreen.

8:15 p. m.—
Regular meeting, Colma Vista Grande Aerie No. 1848, FOE, 3346 San Jose avenue.

LICENSE TAB REGISTRATION DEADLINE NEAR

The 1948 silver and red California license tabs are showing up around town in increasing numbers.

Those who haven't obtained them yet have until the close of business February 4th to obtain their tabs without penalty. Department of Motor Vehicles officials urge them to apply as soon as possible to avoid the last minute rush.

There is no waiting for tabs this year. All a private passenger car owner need do is present his 1947 white registration slip, bearing a correct mailing address, pay the increased 1948 fee. His registration card will be mailed to him.

If renewal by mail is preferred, the private passenger car owner should mail his 1947 white registration card to the Department of Motor Vehicles in Sacramento, together with the correct 1948 fee. Personal checks or currency are not acceptable on mail applications.

To obtain the correct 1948 fee, look at the fee listed in the lower left corner of your 1947 registration certificate, add $3 and round off the amount to the nearest dollar. The minimum fee is $7.

Truck, trailer and motorcycle owners have been advised by mail of their correct fees. They should present the fee notices, pay the amount listed and receive their tabs and validated registration cards immediately.

They also have the option of sending the notice and fee by mail to the Department in Sacramento.

If they have not received a notice of fees due they should present their 1947 white registration cards and have their fees computed.

SPARE THE OLD SPARE

Spare tires often are those that already have seen considerable service and are occupying their present position only as substitutes when one of the good tires meets misfortune. Yet, it frequently happens that when the spare is called upon to fill in its tenure on the wheel is much longer than the owner anticipated. The spare, thus used, may be good for but a few hundred miles. It is better to take these out in small installments than all at one time. When the good tire is fixed, put it back without delay. It spares the old spare.

REPORTING EMPLOYEES' ACCOUNT NUMBERS

Employers: You'll be making up your Social Security Tax return this month. Don't forget to put down the name and account number of each employee. It means a lot to them.

SAFEWAY has ALL the low prices — right in your own neighborhood

There's no need to rush all over town to get the lowest prices on food—they're all here at Safeway. Under a long-established pricing policy, our first step is to give Safeway customers the benefit of our efficient way of doing business by pricing *everything* at the lowest point which will yield a reasonable profit. But we go beyond this in that we also meet the lowest price of every competitor, item by item, day by day, town by town. Some of the prices listed in this advertisement are regular everyday low prices at Safeway; others are special reductions. Save both time and money by getting all the low prices in town at Safeway.

New Chevs. Feature Modern, De Luxe Improvements

The new 1948 Chevrolet models, incorporating design changes dictated by a minimum change-over period in order to insure high production flow, were announced here today and will be on display at most Chevrolet dealers throughout the country during the next few days.

The 11 models in three series all feature a re-designed radiator grille, pleasing new color harmonies in interior upholstery, and engine changes providing a more rigid crankshaft and more durable bearings.

"Chevrolet was determined once more to bring out a new line of motor cars without retarding production to any great extent," said T. H. Keating, general sales manager. The change-over to the new models has been accomplished with this in mind, and there has been only a minimum of prduction delay to those who have placed orders with Chevrolet dealers."

The three series of the new models are the Fleetline, in two body types featuring low, sweeping contours; the Fleetmaster, with five body styles including a cabriolet and a station wagon; and the Stylemaster, offering unusual refinements in the economy price range. All models feature Bodies by Fisher, exclusive in the low-price class.

All series feature the time-tested valve-in-head engine, unitized knee-action front wheel suspension, and synchro-mesh transmission with vacuum gearshift, all exclusive with Chevrolet in the low-price field.

The crankshaft on the 1948 models is more rigid, with crank-arm thickness increased for greater durability and for increased bearing life. The resulting weight increase also benefits engine smoothness.

New precision, interchangeable, main bearings with thin-wall babbitt will have more than double the life-span of old-style bearings. Connecting rod bearings also will be of the thin-wall, babbitt type, and also will have more than double durability.

A new, Chevrolet-developed design of oil seal on valve stems is introduced in the 1948 models. The new seal is a buna rubber ring. It eliminates the need for valve spring cap covers, thus achieving a weight reduction in reciprocating parts. Caps are smaller and stronger, and low speed oiling of the valve stems is improved.

So that garage and parking-lot attendants may drive the car with the key removed, a new ignition switch has been introduced, of three-position design. The key may be removed in any position — unlocked off, unlocked on and locked off — and the ignition still may be turned on or off with the switch in either of the first two positions.

The lighting switch incorporates a circuit breaker, making possible intermittent use of the lights for emergency driving, when a short circuit occurs.

A pressure-type radiator cap permits the cooling system to build up a small pressure, raising the boiling point about 10 degrees. Improved cooling is thus obtained. Because of this system, the temperature gauge on the dash has a top reading of 220 degrees, instead of 212 degrees. A large radiator drain cock has been installed to facilitate draining.

The new muffler tail-pipe projects farther to carry exhaust gases into the rear wheel windstream and prevent discoloration of the bumper.

O.L.P.H. Mothers Make Final Plans For Whist Luncheon Next Week

Final arrangements are being made this week for the whist luncheon to be given next Tuesday by the Mothers' Club of Our Lady of Perpetual Help school.

Mrs. Isabel Liberti and Mrs. Dorothy Brush, who share responsibility for the affair, announced today that luncheon will be served at 1 p. m., with the whist party to follow.

U. C. Men Find Whale Fossils in Africa

Moby Dick's ancestors, prehistoric whales which lived in a great sea covering North Africa and part of the Near East about 60 million years ago, have been unearthed by the Egyptian Phase of the University of California African Expedition.

Wendell Phillips, leader of the expedition, said that the ancestral whales are one of several notable types of important fossil animals which have been collected by the expedition.

Other fossil animals recovered from the rich beds in the region of the Faiyum Desert, near Cairo, include mastodons, the ancestors of the elephant; hyraxes, a Biblical animal, a rodent with hooves; anthroceres, a cross between a deer and a pig; hyaenodonts, primitive hyena forms; and sea cows.

The ancient whales lived in the Tethys Sea, which was an overgrown Mediterranean 60 million years ago, covering the area of the present Mediterranean, North Africa, the Black and Caspian seas, and parts of Arabia.

Among the strange animals of the Tethys were giant foraminifers, marine organisms with calcareous shells. These foraminifers, piling up in the Tethys over millions of years, formed the limestone from which the rock for the pyramids of Egypt was carved.

Plan To Double Dormitory Space

Dormitory facilities of the Cow Palace will be doubled this year to accommodate the increased numbers of young livestock exhibitors expected to display their projects at the coming Grand National Junior Livestock Exposition, it was announced today by Carl L. Garrison, Grand National general manager.

About 1,000 cots and mattresses will be removed from storage and placed in the south wing of the Cow Palace shortly for the use of boys participating in this year's Junior Grand National, Garrison said. At the initial Junior Grand National last year, only half of this wing was used for sleeping quarters for 344 boys.

The same shower and locker room facilities now being used by college basketball stars will also be available to the boy exhibitors.

Girls of the 4-H Clubs will be housed in downtown hotels along with their parents or chaperones. Both boys and girls will take their meals at the Cow Palace.

Advance indications plus the additions in the dairy classes of the Livestock show lead Garrison to believe that the 1948 Junior Livestock classic will see a 100 per cent increase in the number of youthful livestock exhibitors. Junior Grand National show dates are March 20 to 25.

Guadalupe Parlor Officers Installed

Installation of the officers of Guadalupe Native Sons and Guadalupe Native Daughters parlors was held jointly Monday evening, January 12, at I.O.F. hall, 70 Valencia street. Deputy Grand President Carl Allen of California Parlor installed the Guadalupe Native Sons with John Dwyer as president.

The officers of Guadalupe Native Daughters were installed by Deputy Grand President Dolores Donohue, of Mission Parlor. Helen Castle was installed as president. Refreshments were served in the banquet hall.

JANUARY MOST DANGEROUS MONTH

January is the most dangerous month in the year for pedestrians, according to the Public Safty Department of National Automobile Club. Wet and icy pavements that make it difficult for motorists to stop, blinding rain or snow, and longer hours of darkness, all combine to give this month the highest pedestrian death rate.

Safer Parachute Ordered By Navy

A new nylon parachute, which is larger, safer and more efficient than the present Navy model, has been ordered to replace the standard parachute used in Naval aviation for 25 years.

Made of "rip-stop" nylon, a waffle-weave material fashioned with heavy cross threads at quarter-inch intervals to help prevent tearing, the new parachute has a 28-foot diameter, four feet more than the present model.

The new "rip-stop" nylon fabric weighs one ounce per square yard. Regular nylon parachute silk weighs more than one and a half ounces per square yard. As a result, the new 28-foot parachute has approximately the same weight as the 24-foot parachute.

Starting this month, the Naval Aircraft factory at Philadelphia, Pennsylvania, is using the new fabric in making the larger 28-foot parachutes. Under the replacement program, the 35,000 parachutes used by the Navy will be replaced at a rate of approximately 5,000 a year with the new parachutes. This method was chosen as the most economical since parachutes become overage and are taken from service when they are seven years old.

The new parachute has been the subject of three years experimenting by the Bureau of Aeronautics. During this period, approximately 100 "live" jumps and more than 2,000 drop tests have been made to collect data. Most of the experimental dropping was done by the Navy parachute Experimenta unit, which recently moved from Lakehurst, New Jersey, to El Centro, California.

Military commissions in the United States are granted by the President, confirmed by the Senate, and published by the Adjutant General's Department.

OFF THE BLOTTER . . .

Four traffic accidents in Daly City during the past week caused property damage in varying degrees, and resulted in traffic citations to some of the drivers involved.

One of the most serious mishaps was a collision Tuesday between a Municipal Railway car and a U. S. Post Office truck on Mission street in front of the Post Office.

Harvey Thomas Pray, 100 Madrid street, San Francisco, driver of the mail truck, was apparently turning to back into the Post Office driveway, when the truck was hit by a streetcar driven by Mordri Butler, 7 Moselle street, San Francisco. Both vehicles were damaged in the collision.

Another accident causing damage to public property occurred last Saturday when a car owned by William Praciado, 47 Willits street, damaged property on the Woodrow Wilson school grounds.

The car, which had been parked on Theta avenue, rolled downhill and over the curbing, damaging lawn and shrubs and coming to a stop against the school building.

Property damage also resulted from minor traffic accidents at the intersections of Wilson and Mission streets and at Vale and Werner streets.

Drivers involved were Leon Hugh Evans, San Francisco; George Washington Ragghianti, 200 Hillcrest drive; Oliver Grannucci, San Francisco, and David Krause, 1258 Turk street, San Francisco.

Another accident which resulted in damage to both private and city property occurred last Wednesday. A group of young boys lost control of a nail keg they had been rolling down the street. The keg rolled into the gasoline tank of an automobile, splitting the tank open. According to the city building inspector, the gasoline, running from the tank, caused damage to the asphalt of the road beneath.

Over Top In Last Stages Of Drive

Final tabulations of receipts in the 1947 sale of Tuberculosis Christmas seals show that San Mateo county succeeded in topping its $37,500 quota by more than two thousand dollars, it was announced today by Dr. Harry Warren, chairman of the annual drive for the county Tuberculosis and Health Association.

Dr. Warren revealed that when fate of the drive was in doubt, one Hillsborough woman, who does not wish her name disclosed, sent in a contribution check for $1000.

"Such acts as these heartened us in going forward when the drive seemed lagging," said Dr. Warren, "and we owe much of the success of the seal sale to hundreds of loyal supporters who sent in extra amounts ranging from as little as fifty cents to larger amounts.

"Without these and the freely given services of the A.W.V.S. and many other faithful volunteer workers, it is unlikely that the quota would have been reached.

"We are very thankful to all of those who worked so hard to assure the success of the seal sale.

"Over-subscription of the quota means that we will be able to carry out our full program in 1948, including all of the free X-ray clinic activities that had appeared endangered. I am sure that this will be good news to everyone in the county."

Dr. Warren stated that the programming committee for the association is now engaged in completing a schedule of activities that includes further extension of aid to veterans who have contracted tuberculosis, enlarged use of a central office X-ray clinic in San Mateo, and full utilization of the mobile Christmas Seal X-ray laboratory.

County Blood Bank Surpasses Quota Of Supply In 1947

During the year just closed the San Mateo County Blood Bank registered an increase in new donors and likewise met greater demands made on it to supply whole blood for emergency transfusions, a report issued today showed.

The report notes an increase of 1070 individual donors during the year. The demands for whole blood were so much greater than the past year that after this blood was supplied for transfusions, only 10 per cent of the total blood drawn remained to be converted into plasma and held for future usage.

During 1947, 2,225 pints of blood were drawn, with 2006 pints going to hospitals for emergency transfusions.

The report shows that since the inception of the blood bank 8,233 individual donors gave a total of 19,269 pints.

Taking a lesson from miracles worked in battle zones by blood transfusions, physicians who have returned to peace-time practice are using transfusions to increased extent, hence their looking to the county blood bank for instant service.

During the past year many fraternal organizations and groups from various service corporations and industrial plants started blood credits at the county bank, thereby making it possible for members and their families to secure blood there on demand, the report further shows.

"We look to 1948 as being the largest, from a standpoint of demands for blood, in our history and therefore we must also show substantial gains in the number of blood donors," said a blood bank official today.

Bright Lights

The lighting equipment at New York's LaGuardia Field would illuminate 700 miles of city streets.

ATTENTION EMPLOYERS

Before the end of January, you will send to the Government your social security tax returns for the last quarter of 1947. We have been asked to remind you that your quarterly pay roll tax report is not complete unless it shows the name, account number, and the wages paid to every employee during the three-month period covered by the report — October, November, and December.

California had an estimated need of 9920 hospital beds for tubercular patients in 1946 with only 6885 such beds available.

3 Unions Block Labor Peace—Refuse Wage Boost
Already Accepted by 19 Other Railroad Unions!

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of North America, representing 125,000 railroad employes, have refused to accept the offer of the Railroads of a wage increase of 15½ cents an hour.

This is the same increase awarded 1,000,000 non-operating employes by an arbitration board in September, 1947.

This is the same increase accepted by 175,000 conductors, trainmen and switchmen by agreement on November 14, 1947.

Agreements have been made with 1,175,000 employes, represented by nineteen unions. But these three unions, representing only 125,000 men, are trying to get more. They are demanding also many new working rules not embraced in the settlement with the conductors and trainmen.

Incidentally, the Switchmen's Union of North America represents only about 7% of all railroad switchmen, the other 93% being represented by the Brotherhood of Railroad Trainmen and covered by the settlement with that union.

Strike Threat

The leaders of these three unions spread a strike ballot while negotiations were still in progress. This is not a secret vote but is taken by union leaders and votes are signed by the employes in the presence of union representatives.

When direct negotiations failed, the leaders of these three unions refused to join the railroads in asking the National Mediation Board to attempt to settle the dispute, but the Board took jurisdiction at the request of the carriers and has been earnestly attempting since November 24, 1947, to bring about a settlement. The Board on January 15, 1948, announced its inability to reach a mediation settlement. The leaders of the unions rejected the request of the Mediation Board to arbitrate. The railroads accepted.

What Now?

The Unions having refused to arbitrate, the Railway Labor Act provides for the appointment of a fact-finding board by the President.

The railroads feel it is due shippers, passengers, employes, stockholders, and the general public to know that throughout these negotiations and in mediation, they have not only exerted every effort to reach a fair and reasonable settlement, but they have also met every requirement of the Railway Labor Act respecting the negotiation, mediation, and arbitration of labor disputes.

It seems unthinkable that these three unions, representing less than 10 per cent of railroad employes, and those among the highest paid, can successfully maintain the threat of a paralyzing strike against the interest of the entire country—and against 90 per cent of their fellow employes.

The threat of a strike cannot justify granting more favorable conditions to 125,000 employes than have already been put in effect for 1,175,000, nor will it alter the opposition of the railroads to unwarranted wage increases or to changes in working rules which are not justified.

A glance at the box shows what employes represented by the Engineers and Firemen make. They are among the highest paid in the ranks of labor in the United States, if not the highest.

Compare these wages with what you make!

Here is a comparison of average annual earnings of engineers and firemen for 1939 (prewar) and 1947. Also shown is what 1947 earnings would have been if the 15½ cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.

Type of Employe	1939 Average Annual Earnings	1947 Average Annual Earnings	1947 Average Annual Earnings with 15½ Cents per Hour Added
ENGINEERS			
Road Freight (Local and Way)	$3,966	$6,126	$6,757
Road Passenger	3,632	5,399	6,025
Road Freight (Through)	3,147	4,584	5,169
Yard	2,749	4,081	4,539
FIREMEN			
Road Freight (Local and Way)	2,738	4,683	5,268
Road Passenger	2,732	4,544	5,165
Road Freight (Through)	2,069	3,460	3,891
Yard	1,962	3,136	3,553

Railroad wages computed from Interstate Commerce Commission Statement M-300. Full year 1947 estimated on basis of actual figures for first eight months.

NEWS FROM THE SCHOOLS

JEFFERSON

Seventh graders are absorbed in their social studies unit, "The Eastern Hemisphere," which shows them how civilization spread from Asia to Europe. This study is helping them to have a better understanding of interests in European culture and civilization which found its way to and formed the background of our American history.

During the physical education period, teams representing the different grade groups have challenged one another to competition in such sports as basketball, volleyball and handball.

The eighth grade spelling match which is held each week throughout the term, with "A" and "B" teams competing, came to a close this week. "A" team, with Geraldine Ricordo as captain, won. The final scores were: "A" team, 76; "B" team, 54. Earl Troche was captain of "B" team. The captains had chosen their sides at the beginning of the semester.

In addition to this spelling bee, the class has another to determine the best speller in the grade. Geraldine Ricordo, low eighth grade, was proven to be the best speller, with Justin Clark, high eighth, and La Verne Chelone, low eighth, second and third, respectively.

CROCKER

Room 2

On Sunday, William Stiff, L5, went to Palo Alto to visit some friends. On the way he stopped at some airports and watched the planes "take off."

Room 3

We have been making paper mache masks to represent those worn by the ancient Aztecs in Mexico.

Room 4

Andrew Oranich is progressing satisfactorily after a tonsillectomy and will return to school as soon as the doctor gives permission.

The H6 and L7 are studying the European beginnings of the United States. They have learned about Napoleon's plan to establish an empire west of the Mississippi and how those plans came to nothing when the slaves of Haiti rose against their French masters. Napoleon's offer of the whole of Louisiana at a bargain price to the American ministers followed.

Shirley Filippo of L7 spent the week end in Santa Cruz. Jimmy Hermann went to Richmond.

Room 5

James Butenhof and his family visited the Egyptian museum in San Jose on Sunday. James was especially impressed and interested since he has been studying about the Egyptians in social studies.

Room 6

Robert Christianson has enrolled in L8 at Crocker. He attended Everett junior high, San Francisco.

CHECK SHOCK ABSORBERS

"Part of keeping the car lubricated, despite the proneness of so many car owners to forget it, is the task of having the shock absorbers checked", states L.G. Evans, General Service Manager of National Automobile Club. "They are dependent to a large extent for their correct operation upon the amount of fluid in them. Over a period of months the volume is likely to change beyond that margin at which the device is capable of absorbing the shocks imposed upon it. The amount of fluid should be checked at least every six months and the motorist should be careful to replenish the supply with precisely the liquid recommended by the factory".

WOODROW WILSON

The fifth grade boys and girls are studying about the natural resources of California. They were surprised to find that oil or "Black Gold" is three fourths of the mineral wealth of our state.

The boys and girls of the fourth grade are reading newspaper clippings telling of the Coloma celebration on January 24 of the first discovery of gold by James Marshall on January 24, 1848. This historical event ties in with our present study of the beginning of our state.

The low fourth has been working on a social study vocabulary. First we learned what a vocabulary is. Then we found and discussed the meanings of such words as adobe, tile, cattle, and lasso. All these words are used in connection with our study of early California. We also made a list of Spanish words still commonly used in California.

The pupils of the high third and low fourth grades have been continuing their studies of a cattle ranch. They have learned that each spring the riders have a general round-up of cattle. All cattle are driven into enclosures called corrals.

The students of the seventh grade are studying the writing of the ancient Egyptians. This writing is known as hierogliphics, which means "sacred carving." The Nile river helped the Egyptians in writing. The Egyptians found a tall reed growing along the river banks. It was called papyrus. They sliced the stems lengthwise and laid the strips side by side in a thin layer. Crosswise over this they laid another, and pressed them together. Now the students know where the word paper originated.

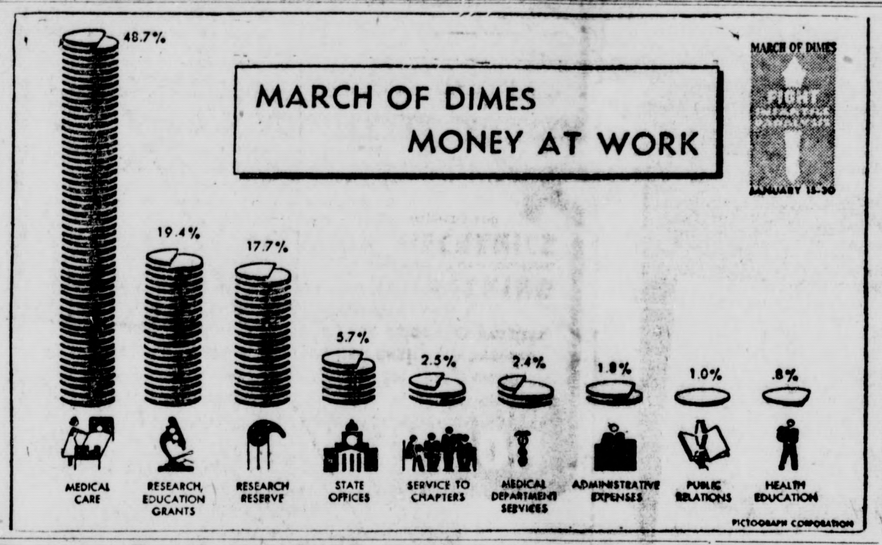
The students of the low seventh and high sixth grades are studying the countries of South America. The students have made physical and political maps of South America. They are now doing special reading on topics for reports.

We have been studying Cuba in our sixth grade unit. This was very interesting because our country gets most of its sugar from Cuba and large amounts of other goods.

The fifth grade has finished studying about the North Central States which produce a large amount of our food and most of our automobiles.

There are two purposes to brand the newly born calves and select cattle fat enough for market. The children have studied how and where the cattle are sent to market. The students of the low fourth grade have been studying about Spanish California's tools and roads and travel in Spanish California.

The pupils of the low third grade went to Marchbank Park. The children enjoyed the many types of evergreen trees. The children enjoyed the odor of the cedar and pine trees.



Property Purchase Plan For Veterans Told By Granger

A new pamphlet explaining how California veterans may obtain the benefits of the State Farm and Home Purchase Plan is now available for distribution at the Veterans Service Office in Redwood City, Floyd D. Granger, Veterans Service Officer, announced today.

Any interested veteran may obtain a copy of the publication, entitled "Homes and Farms for Veterans," by calling at the Veterans Service Office, located in the county courthouse.

An eligible veteran may submit property for purchase by the Department of Veterans Affairs, up to a maximum of $7,500 for a home or $13,500 for a farm. The amount advanced by the State is repaid in moderate monthly installments.

Veteran contract holders benefit from the low rate of interest (now 3 per cent), elimination of certain financing charges and savings averaging 50 per cent on fire insurance. In addition all insurable veterans are covered by the Home Protection Plan of Life Insurance, which in case of a veteran's death while under contract pays off the balance due on the property for the benefit of his widow or other dependents.

In general, Granger explained, any veteran who served in the armed forces of the United States during any war, who is a native of California or a bona fide resident of the state at the time of entering the service, and who received an honorable discharge, is eligible for participation in the state purchase plan.

Veterans interested in the farm and home plan, either now or in the future, may file applications for eligibility at the local office. A certificate is issued to each eligible applicant entitling him to submit property for consideration of the Department of Veterans Affairs at any time.

LARGEST LAKE

Clear Lake, Lake county, is the largest body of fresh water lying wholly within California. The lake is 1350 feet above sea level, 35 miles long, from 1 to 10 miles in width, and covers an area of 84 square miles.

DAR To Launch Drive For Membership Feb. 6

An energetic drive for new members will get underway Friday, February 6, at the next meeting of the San Francisco chapter, Daughters of the American Revolution.

So far, San Francisco has one of the largest memberships in the country, with New York topping the list. The national society has set a goal of 200,000 DAR members by 1950. Total membership on December 1, 1947, was 158,216.

Mrs. Gregory Weingetz will be program chairman at Friday's meeting, with Mrs. Josephine Wolfe reading and Mrs. Joseph Bricker singing. Mrs. O. George Cook, chairman of refreshments, will be assisted by Mesdames Jack Davis, Constance Daum, William J. Hayes, Earl Rawlings and Clarence Todd.

New Arrivals

To the wife of Charles L. Buchwald, Colma, January 14, a son.

To the wife of Robert R. Rankin, 215 Willits street, January 15, a daughter.

To the wife of Gerald C. Plyer, 6145-A Mission street, January 17, a daughter.

To the wife of John R. Murray, 39 Farallones street, January 18, a son.

To the wife of Juan Rodezno, 354 Willits street, January 19, a son.

To the wife of Edward L. Ross, 451 Niantic street, January 17, a son.

To the wife of Robert D. Sherwood, 61 West Cavour street, January 13, a son.

AUTOMOBILE REGISTRATION DEADLINE

To avoid penalties for late registration motorists should complete over-the-counter renewals before offices on February 4 or have their mail renewals postmarked before midnight of that same date. After this date double the $6 registration fee and 50 percent more on vehicle license fees will be assessed.

The term "cirrus" is used to describe a light, feathery cloud moving swiftly across the sky at six to ten miles up.

Civilian employes on the San Francisco Airport, in aeronautical and affiliated activities increased to 5700 in 1946.

News Column From S.M.J.C.

Three rooms of the Sir Francis Drake hotel — the Empire room, the French room and the Colonial room—have been reserved for the fall sophomore formal dance of San Mateo Junior College tomorrow night.

"Rhapsody in Blue," will be the theme of the ball, with dancing from 9 'til 1 a. m.

Co-chairmen of the dance are Ed Fey and Bill Wehner, with Marvin Padway, Dot Gibson, Gloralee Wolken, Chick James, Jill Anderson, Bob Fraser, Joan Greco and Marty Kaufman assisting.

Admission to the ball will be $2.50 with student body cards; $3 with one card, and $4 without cards. Bids may be purchased from the social committee or at the office of the executive secretary.

Patrons and patronesses for the affair will be President and Mrs. Charles Morris, Dr. and Mrs. Harold Taggart, Mr. and Mrs. Dan Reichel, Mr. and Mrs. George Pomeroy, Mr. and Mrs. Dell Fishback, Mr. and Mrs. Elmer Young jr., Edward Worrell, Mr. and Mrs. Robert Ross, Mr. and Mrs. Marvin Kolber, Mr. and Mrs. William Justice, and Mr. and Mrs. E. H. Bashor.

Karen L. Moresco Christened Sunday In Afternoon Rites

Karen Lynn Moresco, eight-month-old daughter of the Angelo Morescos, 328 Railroad avenue, Colma, was christened last Sunday in an afternoon ceremony at Holy Angels church.

The christening ritual was performed by the Rev. James McElligott. Godparents were Mr. and Mrs. George Walda of San Francisco.

A turkey dinner highlighted the reception which followed the rites, at the Moresco home.

Bid to honor Karen Lynn were Messrs. and Mesdames George Walda, Louis Moresco, Loretta, Bob and Billy, Mario Rimassa, John Moresco and Jonelle, John Wiemert, Janice and Diane, Leo Jost, George Kellogg; Mesdames Savina Rimassa, Ramon Calderon and Pauline Stewart; Misses Eleanor Romassa, Virginia Rimassa and Verna Moresco, and Messrs. Louis Fitzsimmons, Gino Rimassa and Ray Calderon.

Engaged

Ann Robertson Tells Troth To Ken Muller

Three sparkling diamonds in a platinum Tiffany setting grace the hand of Ann Robertson — a token of her betrothal to Ken Muller of San Francisco.

Announcement of the young couple's engagement was made January 16 by the bride-elect's parents, the A. W. Robertsons of 371 Irvington street, Daly City.

The future benedict, son of Mr. and Mrs. Harold Muller of San Francisco, is a graduate of Mission high school.

Ann, who will be graduated from Jefferson high next week, is editor of the Totem Pole, weekly school publication, and is active as secretary of the student body.

The couple met at the Emporium, where Ken is employed, and Ann works on Saturdays.

Nuptials are tentatively set for August.

Cloth of wool, silk, flax and cotton was known to the most ancient people of whom there is any knowledge.

St. Michael's Ladies' Aid To Sponsor Whist

February's monthly whist game given by the St. Michael's branch, Catholic Ladies Relief, is slated for next Wednesday in the parish hall.

Mrs. L. Buckholz, chairman of the event, will be assisted by Mrs. E. Barre, Mrs. M. Plume, Mrs. Betty Barre, Mrs. M. Bouckhout and Mrs. M. Bruskey.

The party will start promptly at 2 p. m.

Congress has provided that 25 per cent of all national forest receipts shall be turned over to the States for distribution to counties containing national forest lands, as a contribution in lieu of taxes.

Cinnamon is produced from the inner bark of a small tropical tree, closely allied to sassafras, the camphor tree, and laurel.

Entrance Exams At Junior College Slated For Saturday

With the fall semester coming to a close this Friday, San Mateo Junior College officials have announced that entrance examinations for the spring term will be given to all new students this Saturday. The tests will start at nine o'clock at the Baldwin Avenue campus and will include the psychological examination and the English Placement test.

By having the Coyote Point campus this term, the college was able to provide room for additional students and enrolled the record number of 1,965 students this term.

Honoring outgoing high sophomores, the college students will have their sophomore formal dance this Friday evening at the Sir Francis Drake hotel in San Francisco. Howard Frederick's orchestra will play. Bill Wehner and Bob Fraser from Millbrae, Gloralee Wolken from Palo Alto, and a number of students from Burlingame and San Mateo make up the dance committee.

The championship bound basketball team continued its winning ways by defeating Stockton jaysee but lost to Placer on Placer's court. The Mateans continue league play this Saturday with Sacramento jaysee sending its team to San Mateo; next Tuesday the local JC five will play a non-league tilt at Stanford against the Card frosh.

WOMEN OF MOOSE FORM SEWING CLUB

Organization of a sewing club will be the main purpose of the meeting of the Women of the Moose, Chapter 739, to be held at noon January 5 in the Moose Hall at 3053 16th street.

The group will meet again at 8:15 p.m. for their regular meeting. Committee reports will be given. Applications for new memberships will be turned in.

Officers and committee chairman of the group will meet at 8 p.m. January 12 at the home of Mary Cosazlia, 2221 15th street.

Anderson Takes Up Water Rights

Congressman Jack Z. Anderson, 8th District Representative, will leave for Washington this week armed to fight for Santa Clara Valley's and San Benito county's share of water from the American River Project.

"We will do everything possible in the House during the 81st Congress to assure our share of surplus water from Folsom Dam, and we will also do everything we possibly can to push the Project in the upper house," Anderson said.

"We have a splendid local committee working on the job of bringing water into Santa Clara Valley. Their work should have the support of everyone living in this area. By a concerted effort we should be able to convince Congress that we must have this water."

Anderson declared the visit of the House Agricultural Committee last month had done much to gain help from this powerful group in the fight for water.

Elected at the June Primaries, Anderson begins his sixth term when the 81st Congress convenes in January. He serves on the Armed Forces Committee of the House of Representatives, and for the past two years has been chairman of the Subcommittee on Procurement and Supply. He is also chairman of the Agricultural Committee of the California delegation.

Revamp Draperies.

If figured draperies are worn and faded they can be touched up with wax crayons, home industries specialists of the Extension service say. The material should be washed and pressed and then retouched with crayons before pressing again with a hot iron.

CENTENNIAL COMMIT. PLANS SF GOLD RUSH

"Striking it rich" with two great Gold Rush celebrations, the first in July and the second and biggest in September, the San Francisco Centennial Committee has projected its Centennial Calendar. Planned by Managing Director Barney Gould, it calls for each month of "The Days of '49" to be highlighted with a major ceremony celebrating events of historic significance to San Francisco and the State.

July 4, Independence Day of the United States, to July 9 San Francisco's own Flag Day—anniversary of the raising of the American flag on the Plaza by Captain Montgomery of the "U.S.S. Portsmouth" in 1846 — will be a week of All-Nations "Americarnival."

September 9, anniversary of the State of California's admission to the American Union, will be the official start of San Francisco's all-out Gold Rush — a 10-day gala Centennial celebration (September 9-18) highlighted with two great parades and a bonanza of big shows and special events.

"San Francisco, Port of Gold of the Argonauts who sought the Golden Fleece one hundred years ago, will key its celebrations on the fabulous history of Old San Francisco and California of the Golden Era," said Chairman Carl Eastman. "'The City', which sprang to life overnight during 'The Days of Old, The Days of Gold, The Days of '49' has not forgotten that she owes her strength and her wealth to all of northern California and the nation which brought her pioneers."

Both major San Francisco Gold Rush celebrations are timed to cooperate closely with the California Centennials Commission's two main events announced to date for '49 — the Mother Lode celebration at Columbia State Park July 15-16-17, and the celebration at Monterey in late August - early September of the California Constitutional Convention.

San Francisco's September Gold Rush, in its official opening on Admission Day, will bow to the Native Sons and Daughters of the Golden West's celebration in San Jose (Friday, September 9). A mammoth parade on Saturday, September 10, will be the city's first main event. Sunday, September 11, is planned as a pilgrimmage to Sacramento for a gay San Francisco Day on the final date of the State Fair.

Official Hawaiian time is ten hours slower than Greenwich time.

San Joaquin county, with an estimated population of 200,000 has 156 doctors.

Ring In The New

By Mollie Martin

TOMORROW is another year! May it be a happy one! But first, there is New Year's Eve — and a party, *of course*. Whether it's open house with music and dancing, or a table of bridge — on New Year's Eve it's called a party. And there must be food — *good* food.

Oysters Indienne is ideal either for four, or more. Here it is for four — increase the recipe for a bigger party, and keep the recipe on file for any parties throughout the year.

Oysters Indienne

1 pint Bluepoint oysters; 4 tablespoons butter; 1 cup oyster liquid and rich milk; 1½ tablespoons flour; ¼ teaspoon salt; dash of pepper; ¼ teaspoon curry powder.

Saute oysters very gently in 2 tablespoons of the butter until edges begin to curl. Remove from heat. Drain, reserving liquid; add rich milk to make 1 cup.

Melt remaining 2 tablespoons butter in saucepan. Add flour and seasonings and blend. Add oyster liquid and milk gradually and cook over low heat until mixture is thickened, stirring constantly. Add oysters and heat thoroughly. Serve at once with hot cooked rice. Makes 4 servings.

Catholic Ladies Of St. Michaels Will Hold Whist

The Catholic Ladies Aid Society, Branch 59, of St. Michael's Parish, will hold its monthly whist at 1:30 p.m. Wednesday, January 5, at 32 Broad street.

Mrs. A. Curtin is chairman of the affair and will be assisted by Mesdames M. Casey, N. Chase, C. Clifford, Mrs. D. Cronin.

LOCKS A DETERRENT

"If they're going to steal it, they're going to steal it, and locking the car won't do a bit of good." Many motorists, declares the National Automobile Club, actually believe this. Authorities state emphatically that it is not true. The automobile thief is deterred by locks, and the stronger the locks the more he is deterred. Use all the locks the manufacturer has provided.

Paint Furnace Handle

If the handles of furnaces are painted a bright yellow, they will be easier to find in a dimly lighted basement, and the possibility of burns can be diminished.

At Curran

Lou Holtz, celebrated New York stage star, heads the cast of George White's Varieties now at the Curran Theatre in San Francisco. With Holtz are a group of America's top show names — Joe Howard ("I Wonder Who's Kissing Her Now"), the Ziegfeld singing and dancing stars, Buck and Bubbles, the lovely Lita (Isabelita) Baron, Johnny Duggan, Amita Martel, The Mayo Brothers and other notables. Performances will be given every night with matinees on Saturday and Sunday with two shows scheduled for New Year's Eve.

EXCESSIVE SPEED DANGEROUS

Excessive speed is dangerous at any time. It is particularly dangerous during this winter season. When roads are made slippery by falling rain or when visibility has been impaired with drifting fog or heavy mist, the wise motorist will slow down and be safe.

The combined wild life resources of Alaska have an estimated value of $100,000,000.

There are no "national" holidays in the United States, each State having jurisdiction over holidays to be observed.

IRISH JIGS AT NEW YEAR'S DANCE

The annual New Year's Eve Ball of Company "A," Irish Volunteers, will be held on Friday night, December 31, in the K.R.B. Hall, 1133 Mission street, near Seventh.

American dances will be featured and there will also be the Irish polka sets, jigs, reels and horn-pipes, lasting until well into the New Year.

Squirrels, rabbits, racoons and skunks are to be found in San Francisco's Golden Gate Park, living in their wild state.

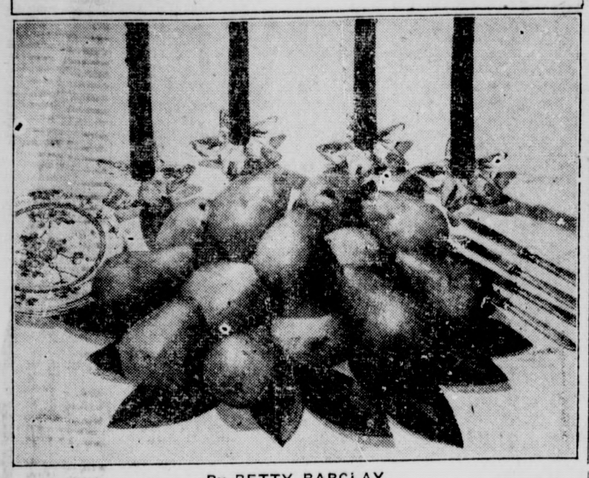
Pears—The Versatile Fruit



By BETTY BARCLAY

From table decoration to table treat, ripe pears bring delight all winter long. They are plentiful now and are at their best. Of the four major varieties of pears, on the market during the winter months, the Bosc, the Fall russet pear; the Anjou, the Comice and the Nelis are the best known.

Major portion of the fresh crop is grown on the western slope of the United States in the states of Oregon, Washington and California. Fresh pears are unlike other fruits since they ripen to best advantage off the tree. When pears reach the retailer, they should be ripe and ready-to-eat. When fully ripe, they yield to gentle pressure. If pears are purchased in an under-ripe stage, they should be held at room temperature about 60 to 70 degrees F., until they develop and ripen, as determined by gentle pressure.

While they are ripening, they may form a buffet centerpiece. They may be served daily for the fresh fruit snack as they ripen, and may be used from time to time for cooking. Keep them handy for a fruit treat for the tricycle crowd, for after school nourishment for the pigtail group, or for the athlete who is in training and is staying away completely from rich desserts. Mother who is watching her weight and Dad who likes a bite before bedtime will like fresh ripe pears, too.

Pears are a versatile fruit, good for out-of-hand eating, or served both raw or cooked. Various pear salads call for fresh ripe pears as do pears 'n cream, while pears may be served cooked in pies, puddings, baked pears, broiled pears and many other pear dishes.

If it is necessary to hold pears for use after they have ripened, place them in the refrigerator. The riper fruit is good for eating out-of-hand while the more firm fruit is fine for cooking. Whether fresh or cooked, they are one of the tasty treats of the winter months.

Baked pears are an easy dessert, that has particular appetite appeal. To bake pears, allow one small pear or a half of a large one per serving. Cut 3 to 4 pears in halves, removing the cores. In a baking dish place the juice of ½ lemon and enough water to cover the bottom of the dish. Place the pear halves, cut side down in the dish and bake covered at 375 degrees F. for 20 to 25 minutes, depending on the ripeness of the fruit. At the end of the baking time remove the cover, turn the pears and sprinkle each half with from 1 to 2 teaspoons sugar. Return to oven to glaze and complete the baking, uncovered. These pears may be used as a breakfast fruit, as a dessert or a meat accompaniment. The baked pears may be reheated by broiling to serve with broiled meats.

Two American Favorites

By BETTY BARCLAY

Pumpkin and spice, and everything nice; that's what makes this Pumpkin Pie. Smooth, velvety texture, with a pleasing spice combination, makes this pie a favorite.

Pumpkin Pie

6 tablespoons brown sugar
½ teaspoon salt
1 teaspoon cinnamon
½ teaspoon ginger
⅛ teaspoon cloves
3 eggs
½ cup Karo Syrup, Blue Label
1½ cups canned pumpkin
1½ cups undiluted evaporated milk

½ recipe pastry

Mix sugar and spices in a bowl. Add eggs and beat slightly. Add remaining ingredients; blend well. Pour into 9-inch pie pan lined with pastry rolled ⅛ inch thick and having a high fluted edge. Bake in hot oven (425° F.) 1 hour, or until silver knife inserted in center of filling comes out clean.

This Peanut Pie is first cousin to the Pecan Pie that has long been a nation-wide favorite. Made in tarts or as one large pie, this is a wonderful dessert to serve with coffee when entertaining, or as a family treat at any time.

De Luxe Peanut Pie

½ recipe pastry

2 eggs, beaten
1 cup dark corn syrup
⅛ teaspoon salt
1 teaspoon vanilla
1 cup sugar
2 tablespoons melted butter or margarine
1 cup shelled roasted peanuts

Roll pastry ⅛ inch thick. Line a 9-inch pie pan. Mix remaining ingredients together, adding peanuts last. Pour into pastry shell. Bake in hot oven (400° F.) 40 minutes or until a silver knife inserted in center of filling comes out clean.

Peanut Tarts: Follow above recipe for De Luxe Peanut Pie using 1 recipe pastry. Line 6 to 8 individual tart shells. Pour in filling. Bake in hot oven (400° F.) 20 to 25 minutes.

*Omit salt, if using salted nuts.

Note: Pecans may be substituted for peanuts in both above recipes.

New San Bruno High School Starts

First unit of "Capuchino High School" in San Bruno will be completed by January, 1950, it was announced by the San Mateo Union High School Board of Trustees this week.

The first twelve rooms will cost approximately $319,115. Total cost of the project will be $1,134,984.

The school will operate first as a two-year high school. A second unit will be constructed by 1952, when it will expand into a four-year school for one thousand students.

THE OILINESS OF OILS

All oils are not equally oily, declares the National Automobile Club. The layman may think so, but the technician knows that they are not. When he designs or selects a lubricant for motor vehicle consumption, he is very deeply concerned with its oiliness. The lubricant expert points out that a thin film of lubricant that completely covers an operating part is better than a heavier film that is broken here and there over the surface.

Lindley Meadows in San Francisco's Golden Gate Park is the scene of the Christmas Nativity tableau each year.

Veterans Weekly News Column

Veteran-students who acquire dependents or additional dependents while in training under the GI Bill should notify Veterans Administration as soon as possible, so that VA can determine whether they are eligible for increased subsistence payments.

Notice of change in dependency status should be sent to the VA regional office in which the veteran's records are kept. The notice should be accompanied by legal evidence of dependents, such as a certified copy of public record of birth, baptism or marriage.

Subsistence payments will be increased as of the date legal evidence is received by VA, and will not be made retroactive to the date the veteran actually acquired the dependent.

Monthly subsistence allowances for veterans studying full-time in school are $75 for those without dependents, $105 for those with one dependent, and $120 for those with more than one dependent.

Any veteran whose elegibility for GI Bill educations runs out after he completes at least half of a school semester which is normal in cost may complete the remainder of the semester at government expense, Veterans Administration said.

The veteran also will receive subsistence allowances for the remainder of the semester.

Veterans studying under the GI Bill who want to transfer to another school at the end of the winter semester should notify Veterans Administration at least 30 days before they intend to make the change.

To enroll in a new school, VA said, a student-veteran must have a supplemental certificate of eligibility. He also must have a statement from his present school showing his progress there has been satisfactory.

A veteran may obtain a supplemental certificate of eligibility by applying to the VA regional office where his records are on file.

Question: I intend to enter school under the Servicemen's Readjustment Act in January. When should I apply for my certificate of eligibility?

Answer: If you wish to enter training under the G-I Bill, you should apply for your certificate of eligibility at least 30 days before the enrollment date.
